Communities of Practice are informal collaborations within a sector where professionals across organizations share knowledge and engage in meaningful discussions. (Informed by Berry, 2011; Cudiaoh & Clayton, 2011; Hill & Haigh, 2012; Sheehy, 2008)

Discussions Lead to...
- access to expertise
- information
- & new strategies
(Seibert, 2015)

Create supportive environments
(Berry, 2011)

Empower others

Communities of Practice can also enhance the sector as a whole!
(Bloom & Stein, 2004)
